Summary

Creative leader with 20 years of experience shaping brand systems, visual language, and product design across consumer and enterprise work. Built and led teams, owned design systems, and directed cross-functional creative work for clients including Coca-Cola, Ubisoft, Stanley Black + Decker, and General Electric. Currently leading design at Beck's Hybrids, where I own the company-wide design system and guide brand and product work across software, marketing, and retail.

Experience

Beck's Hybrids

Principal UX Designer

May 2025 – Present

- Leads design across one of the largest family-owned seed companies in the US, directing creative work across product, marketing, content, and retail experience.
- Manages a team of four designers across multiple locations, including hiring, coaching, career growth, and consistent feedback loops.
- Led the team's integration of AI into the creative workflow, including an internal AI design workshop and multiple AI-powered product experiences.

Lead UX Designer

Jul 2019 – May 2025

- Built and maintained the company-wide design system, establishing visual standards and brand consistency across all product teams.
- Expanded design influence beyond software into marketing, finance, dealer operations, and retail experience.
- Partnered with technology and business leadership to translate company objectives into visual narratives and product direction.

UX Designer

Nov 2017 – Jul 2019

- Individual contributor design across BOSS financial and FARMserver platforms, establishing early visual and interaction patterns that evolved into the current design system.

SkapeWorks

UX Design Partner

Jan 2009 – Nov 2017

- Led UI/UX design, branding, marketing, and front-end development for a client roster that included Coca-Cola, Ubisoft, Stanley Black + Decker, and General Electric.
- Built and ran the client practice end to end, managing simultaneous engagements across brand systems, campaign visuals, and product work in an agile environment.
- Collaborated directly with client stakeholders and development teams to translate brand and business objectives into shipped creative work.

Sapient

UI Designer

Mar 2007 – Jan 2009

Designed UI and conducted user testing for Fortune 500 clients including Coca-Cola, AT&T, and Home Depot. Early foundation for the agency client practice that followed.
